Publication Scheme (Adopted 3.9.18)

The Information Commissioners Office expects local councils to provide information under the model publication scheme. Information should be available unless:

- it does not hold the information;
- the information is exempt under one of the FOI exemptions or Environmental Information Regulations exceptions, or its release is prohibited by another statute;
- the information is readily and publicly available from an external website; such information may have been provided by the public authority or on its behalf. The authority must provide a direct link to that information;
- the information is archived, out of date or otherwise inaccessible; or,
- it would be impractical or resource-intensive to prepare the material for routine release.

Further information and guidance is available: www.ico.gov.uk
