Crime reduction/prevention advice

We have seen a rise recently of vehicles being broken into and items such as mobile phones and sat nav's being stolen. We always advise you to ensure you remove all valuables from your vehicle when leaving it unattended and always lock your car.

Break-in's to sheds and garages has also increased recently so please ensure you lock your out-buildings with good quality locks and consider having them alarmed. If you would like a visit from a member of the local neighbourhood police team to discuss your home security then please make contact by calling 101 or by e-mailing us on the e-mail at the bottom of this report.
